Even though this is not a Seerah Class per say, I still felt it was necessary to at least mention some major events that took place during the life of the best of creation, may Allah bless him and grant him peace. During this introductory class we read from a timeline of the Prophet's life and made some comments here and there. These images are what were read from. I pray that it will be of some benefit.

If you are physically unable to attend the classes on Friday's after Maghrib you can listen live via conference call by calling (712) 429-0690 and enter pin# 877870. The class is also recorded and aired on Nur uz-Zamaan's Radio show; which can be heard by going to <http://www.blogtalkradio.com/sunnachild> or by calling (914) 338-0884. These and other notes can be found on our website and blog mentioned at the top, as well as my notes on Facebook. Success is with Allah!
